ABOUT ME

I am a dedicated Flutter developer with a passion for crafting high-quality, efficient, and user-centric mobile applications. I have solid experience in Bloc state management, Firebase integration, API development, and local database management. I'm committed to continuous learning, clean architecture, and delivering innovative solutions that enhance user experience.

EDUCATION

2020 - 2025

BSC in Computer Science

University of Ibadan

EXPERIENCE

Toprate Transfer Limited

September 2024 - Present

Mobile Developer

Contributed to the development of a cross-border payment application that enables users to send money securely and efficiently to multiple countries.

SharpSharp (Contract)

April 2025 - October 2025

Mobile Developer

Developed the mobile application using Flutter and Bloc architecture, integrating multi-category ordering, hotel booking, and real-time delivery features to provide users with a fast and reliable all-in-one experience.

Maybell (Contract)

March 2024 - May 2024

Mobile Developer

Developed a mobile security application using Flutter and Dart, aimed at providing enhanced security notifications and real-time monitoring for user accounts. The app utilizes WebSocket technology for instant alerts and RESTful APIs for secure user authentication.

TECHNICAL SKILLS

- Languages:** Dart, Swift, Kotlin
- Frameworks & Libraries:** Flutter, Bloc, Riverpod, SwiftUI, Jetpack Compose
- Databases:** ISAR, Firebase Firestore
- Tools & Technologies:** WebSocket, Git, REST APIs, Postman
