ABOUT ME

I am a dedicated Flutter developer with over 4 years of experience crafting high-quality, efficient, and user-centric mobile applications. I have solid expertise in Bloc state management, Firebase integration, API development, and local database management. I'm committed to clean architecture, continuous learning, and delivering innovative solutions that enhance user experience and drive product success.

EDUCATION

2020 - 2025
University of Ibadan

BSC in Computer Science

EXPERIENCE

Toprate Transfer Limited
September 2024 - Present

Mobile Developer

Contributed to the development of a cross-border payment application that enables users to send money securely and efficiently to multiple countries.

SharpSharp (Contract)
April 2025 - October 2025

Mobile Developer

Developed the mobile application using Flutter and Bloc architecture, integrating multi-category ordering, hotel booking, and real-time delivery features to provide users with a fast and reliable all-in-one experience.

Maybell (Contract)
March 2024 - May 2024

Mobile Developer

Developed a mobile security application using Flutter and Dart, aimed at providing enhanced security notifications and real-time monitoring for user accounts. The apputilizes WebSocket technology for instant alerts and RESTful APIs for secure user authentication.

Freelance
April 2022 - May 2024

Mobile Developer

Developed and deployed multiple mobile applications for clients across diverse sectors, including e-commerce, logistics, and social media services.
